

# BOOK WITH US!

The Concerned Kids is celebrating its 30th Season, and we would love to put on a performance at your school. We educate and empower students through interactive puppet performances focused on contemporary social issues. Each performance includes three puppeteers, all who have completed an extensive background check because the safety of our young audience is of utmost importance. Each performance consists of a series of age-appropriate, interactive presentations. We believe in entertainingly educating children. Following each performance, each student is given an activity to further their learnings, all for as little as \$550.
